# Troops home now!

Tottenham Stop the War Group is affiliated to the National Stop the War Coalition.

David Lammy, our local MP in Tottenham voted with Blair for the war in Iraq and does not believe that the continuing occupation of Iraq is an issue for his constituents in Tottenham.

We plan to march to his surgery and show him he is wrong. We have booked an appointment for a delegation to challenge Mr. Lammy as to why our taxes are spent on **warfare and not welfare!**

Lets march together, make some noise  
and be heard!

## What you can do.

- Come along to the march and lobby.
- Wear black (we have a coffin!)
- Bring your friends, family workmates neighbours and children!
- Copy this flyer and put it up in your local shops etc.
- Print the 'troops out' petition and collect signatures ([www..stopwar.org](http://www..stopwar.org)) and bring it to the lobby
